Friday 13<sup>th</sup> May 2022

Dear Parents and Carers,

Please read this letter for your updated information and action.

## Year 2 and Year 6 statutory tests

Year 6 completed their statutory tests this week and we are very proud of their attitudes and effort. Well done Year 6!

Years 2 will be sitting their statutory tests next week and it is important that all children in this class are in school.

## Dogs on site

It has been reported that there have been a couple of incidents of dogs on site and on one occasion a small child was frightened. Please note that **dogs are not permitted on any part of the school premises** (except for Stan, our school dog, who has a pertinent risk assessment).

## Dangerous driving and safety

It has also been reported that there have been some incidents of cars reversing or driving quickly when there are parents and children around. **Please make sure that if you drop your children off in a car, that you take real care to keep everyone safe** – this is very much appreciated.

Also, **please talk to your children about road safety** (to support our teaching in school) to make sure they are looking and listening for dangers on the roads and pavements.

Thank you for your ongoing support.

Very best wishes,

Mrs Clifford  
Head Teacher
