Friday 15<sup>th</sup> July 2022

Dear Parents and Carers,

## URGENT: Re Weather Warning

Next week, temperatures are set to soar even higher (up to 38°) and school has received advice on how to keep your children safe.

However, as the temperatures inside school are also very high, we feel the afternoons will be very uncomfortable for the children.

**Therefore, we are giving you the option to collect your children from school on Monday and Tuesday next week at 1:15pm after lunch.**

If you do decide to collect your child(ren) early, please wait outside your usual gate or classroom for your child to be dismissed. Any children not being collected early will be dismissed at the usual time of 3:15pm.

## End of term dates:

A reminder that there will be emergency asbestos works taking place in school over the summer holidays and school has been granted two additional INSET days from the corporate director of the council to ensure that there is sufficient time to support this project (i.e. packing up and re-instating of classrooms).
