27th September 2022

Dear Parents and Carers,

Nottingham City Council are currently working towards international accreditation to become a Child Friendly City through partnership working with the UK Committee for UNICEF (UNICEF UK). Further details on the Child Friendly City programme can be found here: <https://www.unicef.org.uk/child-friendly-cities/>

The Child Friendly City programme is all about children and young people's right to help shape and guide the policies and decisions which affect them.

As set out in the United Nations Convention on the Rights of the Child (UNCRC), local children will have their views heard and taken seriously. In practice, becoming a Child-Friendly City means that the rights of children become an integral part of public policies, programmes, and decisions.

Nottingham's Child Friendly City website:
<https://www.nottinghamcity.gov.uk/childfriendlynottingham>

In order to support Nottingham's journey to become a Child Friendly City, Nottingham City Council have created several survey's and activities to gather the voices of children and young people across the city. They currently have live survey's that are available for you to complete with your child open from Monday 26th September until Sunday 9th October 2022.

Children's Survey (5-11 years)

Children's Survey Link for children aged 5 to 11 years:
<https://online1.snapsurveys.com/CFCchildrensviews2022>

The school in Nottingham City which has the most responses to this survey will receive some additional funding from the council. The school can then use towards providing further learning opportunities of all children. Please could you take a look at the survey with your child and complete it using the above link. We believe that it is important for children to have the opportunity to put across their views and have their opinions heard.

Thanking you in advance for your support.

Yours faithfully,

Mrs A Taylor
Deputy Headteacher
