

Southwold Primary School & Early Years' Centre Health and Safety Policy

Policy administration	
Based on template:	January 2018 / Created by Schools H&S Team
Policy writer:	
Version number:	
Date of issue:	September 2025
Date of next review: (at least every two years)	September 2027

Health and Safety Policy Statement

Our statement of general policy is as follows:

- To promote an effective safety culture throughout the school
- To maintain safe and healthy place of work for employees with safe access and egress
- To ensure that pupils and other non-employees e.g. parents, visitors etc., are not exposed to any risk to their health and safety
- To promote effective risk management within play and sport so that an appropriate challenge is provided with an acceptable level of risk
- To provide adequate control of the health and safety risks arising from school activities, including educational off-site visits
- To consult with our employees on matters affecting their health and safety
- To provide and safe plant and equipment
- To ensure safe use, handling and storage of substances i.e. chemicals
- To provide information, instruction, training and supervision for employees
- To ensure all employees are 'competent' to carry out their activities
- To provide adequate welfare facilities for employees and pupils
- To monitor the standards of health and safety performance and ensure continuous improvement in the management of health and safety
- To review this policy annually and to revise it as necessary

SIGNED:.....**DATE:**.....
(Head Teacher)

SIGNED:.....**DATE:**.....
(Chair of Governors)

This policy has been brought to the attention of all employees and is kept readily available for employees in the main school office.

This policy covers the whole school site. This includes all school buildings – namely, the main school building, the Year 6 block and the Early Years' Hub (formerly known as the Radford Children's Centre).

DUTIES OF THE HEAD TEACHER

The Head Teacher is responsible for:

- Demonstrating visible, active commitment to health and safety improvement
- The overall maintenance and development of safe working practices and conditions for all employees, pupils and other non-employees on site
- Ensuring that the requirements of all relevant legislation, codes of practice and Local Authority policies are met at all times
- Ensuring safe working conditions and safe working practices are provided for the health, safety and welfare of staff, pupils and others
- Consulting with employees, and safety representatives, on health and safety issues, risk assessments and policies.
- Ensuring effective means of communication with staff on health, safety and welfare issues
- Ensuring that risk assessments are undertaken and reviewed annually
- Identify the training needs of employees and ensure that they are 'competent' to carry out their activities
- Ensuring that accident, work related ill health and violent incidents are reported and investigated as necessary
- Ensuring that emergency procedures are in place
- Ensure that staff involved in educational visits are aware of their responsibilities regarding the Off-Site Visits Policy and have access to it.
- Authorise all Off-Site Visits. Inform the Governors of all non-routine Off-Site Visits.

DUTIES OF THE BUSINESS MANAGER

The Business Manager will:

- Ensuring that arrangements are made for defects in the premises, its plant, equipment or facilities are reported and made safe.
- Monitoring the standard of health and safety throughout the school and providing the Governing Body with an annual report
- Ensure adequate insurances are purchased

DUTIES OF THE GOVERNING BODY

The Governing Body, in consultation with the Head Teacher will:

- Take reasonable steps to make sure that the school is following the employer's policy and procedures e.g. through regular discussion at governance meetings.
- Ensure staff receive adequate training to enable them to carry out their responsibilities.
- Promote a sensible approach to health and safety, making use of competent health and safety advice when required.
- Work in close partnership with the Head Teacher and senior management team to support sensible health and safety management and to challenge as appropriate.
- Promoting an effective health and safety culture
- Integration of good health and safety management into business decisions
- Approving the school's health and safety policy and other policies that relate to health and safety.
- Carrying out and recording a formal health and safety inspection of all parts of the buildings and site at least annually
- Ensuring that adequate health and safety resources are made available to meet health and safety requirements
- Ensuring health and safety is a fixed agenda item on Governor meetings
- Considering immediate reviews in the light of major shortcomings or events.

DUTIES OF LINE MANAGERS

The duties of Line Managers include:

- Day to day responsibility for the health, safety and welfare of employees and pupils
- Ensuring risk assessments are carried out for activities as required
- Ensuring safe working conditions and safe working practices in accordance with legislation and Local Authority guidelines
- Ensuring employees are 'competent' to carry out their activities
- Ensuring new employees are inducted in the safe working practices
- Ensuring safety inspections are carried out at least termly
- Ensuring all plant, machinery and equipment is inspected and maintained in safe working order
- Ensuring all reasonably practicable steps are taken to prevent the unauthorised or improper use of all plant, machinery and equipment
- Ensuring appropriate personal protective equipment and first aid facilities are provided and readily available
- Ensuring that employees and pupils are aware of the emergency procedures
- Ensuring that hazardous substances are correctly used, stored and labelled
- Ensuring that relevant health and safety warning signs are displayed
- Ensuring effective means of communication with employees and pupils
- Reporting any health and safety concerns to the Head Teacher

DUTIES OF THE SITE MANAGEMENT

The Site Management's duties include:

- Keeping the building and site in good order and repair and free of waste / litter
- Monitoring the maintenance of plant and equipment e.g. heating boilers, electrical equipment, local exhaust ventilation equipment, pressure systems, gas appliances, lifting equipment, passenger / goods lifts, fire alarm system, intruder alarms etc.
- Monitoring the provision and safe use of main services i.e. water, gas and electricity
- Monitoring the inspections and maintenance of plant and equipment - including access equipment i.e. step ladders, ladders, mobile towers etc.
- Monitoring and maintaining effective security arrangements
- Maintaining safe storage of chemicals, hazardous substances and equipment
- Ensuring that deliveries to school are made safely
- Dealing with reported damage and defects
- Monitoring the condition of known asbestos containing materials
- Assisting the Head Teacher and Governors with the annual health and safety inspection
- Undertaking duties as requested via the SERAM database in accordance with legionella management techniques

DUTIES OF THE OFF-SITES VISIT CO-ORDINATOR (OVC)

- Follows the NCC Educational Off-Site Visits Policy where their full responsibilities are outlined.

DUTIES OF ALL EMPLOYEES

All employees are instructed to:

- Take reasonable care of their own health and safety and of others who might be affected by their actions or lack of action
- Co-operate with their Line Manager on health and safety matters
- Not to interfere with anything provided to safeguard their health and safety
- Report all health and safety concerns, e.g. hazards or defects etc. in line with local procedures
- Ensuring that pupils are aware of the school's emergency procedures

RESPONSIBILITIES / DUTIES OF NOTTINGHAM CITY COUNCIL

The ultimate responsibility for health and safety rests with the **employer** i.e. the Local Education Authority (LEA), although some functions under the Health and Safety at Work etc. Act 1974 are delegated to Head Teachers (detailed above).

- The City Council will:
 - Monitor the School's compliance with legislation and NCC policies and procedures.
 - Provide direction/s as necessary to school management in the interests of health and safety.
 - Provide competent health and advice available according to Regulation 7 of the Management of Health and Safety at Work Regulations 1999.
 - Create and maintain a Health & Safety Guidance Manual which will include generic risk assessments for selected areas / activities and model policies / procedures.
 - Provide updates to schools of Health & Safety legislation and guidance.
 - Create and maintain incident report management systems and undertake periodic trend analysis.
 - Provide health and safety advice via a telephone helpline.
 - Ensure school management are appropriately trained in health and safety principles with the provision of school specific training courses.
 - Consult with recognised trade unions according to the Safety Committees Regulations 1977.

Arrangements

Accident Reporting and Investigation

Accidents to employees are recorded and investigated in accordance with NCC policy using the online incident reporting system.

Accidents to pupils and other non-employees are recorded as laid down in the Schools Health and Safety guidance and flowchart. To summarise:

1. Minor pupil accidents as a result of play e.g. (tripping over own feet, bumping into other children) are recorded locally in a pupil accident report book
2. Pupil accidents where action needs to take place to avoid reoccurrence are recorded on the online incident reporting system.
3. Pupil accidents resulting in any injury that required outside medical attention or subsequent time off school must be reported on the online incident reporting system.
4. Pupil accidents where action needs to take place to avoid reoccurrence and they went directly to hospital for treatment (not as a precaution) are reported to the HSE.

All accidents are investigated by: Health & Safety Coordinator alongside the Head Teacher

Reported accidents are monitored termly to identify any trends, e.g. same pupil or accident in the same location.

The Head Teacher is responsible for ensuring certain more serious accidents to both employees and non-employees are reported to the Health and Safety Executive as legally required by the Reporting of Injuries, Diseases, and Dangerous Occurrences Regulations.

Administration of Medicines

Only medication with written parental consent will be administered, where it has been prescribed by a doctor. Over the counter medications (such as paracetamol) will not be administered by staff. The consent forms must be completed by parents and are located in the school office. Medicines will also only be administered if the required dose is 4 times a day.

Medication will be suitably labelled with the contents, dosage, frequency of administration, duration of course, date of prescription and pupil's name.

Records are kept of all administration of medication.

Pupils with individual medical needs are supported provided with the same opportunities as their peers. Please see 'Supporting Pupils with Medical Needs' policy.

Asbestos Management

It is the law that asbestos-containing materials shall not be introduced into the school. If asbestos containing materials pose a serious risk to the health of persons using our premises the materials shall be removed as safely and as soon as possible.

Where asbestos containing materials are present, and do not pose a serious risk, the school shall take the opportunity to remove them progressively from our property, when it is safe and cost effective to do so. Whilst asbestos containing materials remain in situ the school shall ensure that they are managed in such a manner so that the risk to the health of our employees, contractors, visitors and other people using our premises is minimised.

All work on asbestos containing materials shall be carried out in accordance with the current legal standards using the best working practices by licensed contractors.

The condition of asbestos in the building is monitored by the Site Management on a monthly basis and recorded in the Asbestos logbook.

No destructive or potentially destructive work (however minor) will be undertaken in the school without first reference to the asbestos survey and logbook.

Asbestos sites are labelled by the use of asbestos stickers or written notices where applicable.

The Asbestos Survey is held by the Site Management and is made available to any contractors carrying out work within the school.

The latest Asbestos Management Survey report is dated: July 2022.

Breakfast Club

A breakfast club operates between 8:00am and 8:45am on school days. A risk assessment has been carried out using guidance provided by the Local Authority.

Child Protection

Robust safeguarding procedures are in place. A separate policy is available for viewing.

Construction work

All construction work is carefully monitored in accordance with NCC guidance.

Consultation with Employees

Health and safety is a standing item on the agenda of staff meetings. Minutes are taken of such meetings and action taken as required.

Any local procedure, policy or decision that may have a significant effect on colleagues' health and safety is brought to the attention of staff so that their views can be heard before implementation. The school consults with Trade Unions on local policies which have a health and safety element and that are not based on NCC model versions.

Employees are encouraged to report any health, safety or welfare concerns to the Head Teacher or to a nominated person.

Contractors

As part of the tendering process for any building work, directly arranged contractors are chosen who can prove their competence in the specific trade.

The Site Management is responsible for day to day control of contractors, although it is recognised that overall responsibility lies with the Head Teacher.

Contractors are asked to complete and sign an induction/local site rule form before they commence work.

Curriculum

Risk assessments are undertaken on all lessons where there is a significant risk of injury/ill health. Precautions are included in lesson plans as necessary.

Specialist guidance is provided by:

- Design and Technology through the Design and Technology Association (DATA).
- Physical Education through The Association for Physical Education (afPE)
- Science through the Consortium of Local Education Authorities for the Provision of Science Services (CLEAPSS)
- Science and Technology (ages 3-12)- "Be Safe!", Association for Science Education.
- "Make it Safe", NAAIDT

Display Screen Equipment

The regulations are applicable to regular 'users' of display screen equipment, e.g. Office Staff. A workstation risk assessment is carried out for any employee who meets the criteria of a 'user', using the online system provided on the schools' safety manual.

It is recognised, however, that the guidance should be followed by all individuals who use display screen equipment in order to avoid repetitive strain injury, postural problems and issues which could affect the eyes.

The use of laptops is regarded as use of display screen equipment and NCC guidance will be followed.

Dogs on Site

Dogs are not permitted on to the school grounds unless they are Assistance Dogs (for the partially sighted or partially hearing). Parents are instructed to stand clear of the gates when accompanied by dogs to avoid distress of other individuals,

Southwold does have a school dog and a risk assessment has been completed.

Drug and alcohol abuse

Issues relating to drug and alcohol abuse are taught through PSHE and science programmes.

Electric Cookers

The use of electric cookers by pupils must always be supervised by staff. Rules are in place and pupils are informed of the dangers during the lessons. The cookers are covered in the schools Fire Risk Assessment and also an individual risk assessment for their use.

Electrical Safety

All portable electrical appliances in school are checked by a 'competent' person at predetermined intervals: annually. Records of PAT testing are held on site.

All employees are instructed to carry out a visual inspection of electrical equipment, prior to use for signs of damage or charring, to report defects to the Site Management so that action can be taken to take the equipment out of use.

The electrical installation is inspected at 5 yearly intervals by a competent person i.e. electrical engineer. Remedial action from the report is undertaken by the school.

Emergency Procedures

Detailed in the school's emergency plan.

Finger Guards

The risk of pupil finger trapping in door hinges is managed by control measures detailed in the school's risk assessment. This includes the provision of finger guard devices where deemed necessary.

Fire Safety

The fire evacuation procedure and plan of the school building noting escape routes and assembly points are displayed in all classrooms.

Fire drills are undertaken termly. Fire training is provided at the start of the school year and at inductions with new starters.

The Site Management undertakes all on-site testing (e.g. fire alarm, emergency lighting) and records in the fire log book. Fire exits and exit routes are routinely checked by the Site Management daily to ensure they are clear.

The following external companies undertake the fire alarm / emergency lighting / servicing

- Fire Alarms – Fieldwell
- Emergency Lighting – Nottingham City Council Property Services
- Automatic Gates – Nottingham City Council appointed company

Fire extinguishers are checked and tested every two years by Nottinghamshire Fire Service.

The school is responsible for any action as required as a result of the services.

Also refer to fire management folder including risk assessment and logbook.

First Aid

First aid facilities are provided at all times employees are at work during normal working hours.

First Aid Kits are available in the following locations: staff room, reception, main hall, dining room, Early Years Centre, Year 6 block and the Early Years' Hub building.

The kits are kept topped-up by the First Aid Coordinator – Sarah Whiley

All first aid treatments are recorded on the relevant form (see Accident Reporting and Investigation).

Bodily fluids are dealt with according to set procedures.

The following Personal Protective equipment is provided to deal with first aid: gloves, aprons, face masks.

'Head bumps' are reported to the injured child's parent /carer.

Course	Name
First Aiders (FAW)	All staff are basic first aid trained, updated every three years
Emergency first aiders (EFAW)	Nick Kingham and Sarah Whiley
Paediatric trained First Aiders	Sarah Whiley, Nick Kingham, Lindsey Johnstone, Naomi Mitchell and Claire Melnyk

Gas equipment and appliances

All gas boilers / appliances are inspected annually by a Gas Safe registered gas engineer organised through NCC Corporate Maintenance

The school is responsible for any action required as a result of the inspections or any reactive repairs.

Hazardous Substances

Risk assessment are carried out for the use of any hazardous substances used / stored on site, i.e. chemicals bearing a hazard warning symbol.

Cleaners employed through the NCC contract have completed their own risk assessment and are responsible for ensuring control measures have been identified and are in place.

Information / COSHH assessments relating to hazardous substances in school are kept in the sluice room.

All chemicals are kept securely under lock and key to prevent unauthorised access.

Health and Safety Advice

'Competent' advice is provided by the Schools Health and Safety Team (☎ 87 64608/9) and Corporate Safety (accident/violent incidents and training queries) (☎ 87 64328)

Housekeeping (and see also under waste / litter)

All employees are responsible for keeping their own workplace in good order i.e. clean, tidy and free of obstructions and slip / trip hazards.

Employees are informed of their responsibilities during their induction.

Ice and Snow

The Site Management ensures all areas where pedestrian access is required are gritted or salted appropriately (including the car park). A risk assessment has been completed for the activity. Every effort is made to ensure the school can open in bad weather. However, remote systems (ClassDojo/email) are in place to notify parents of a school closure in the event of school being inaccessible. Local radio stations are also notified.

Information

All employees are given adequate information on health and safety matters in relation to their work activities, i.e. as identified in the relevant risk assessments.

The Health and Safety Executive (HSE) poster "Health and Safety Law- what you need to know" is displayed in the school staffroom. The name of the H&S Governor, contact details for the Schools H&S Team and where to obtain details of the union safety representatives are included.

Inspections

Arrangements are in place for a joint inspection to be carried out of the building and site, at least annually, by the Head Teacher, Site Management and Chair of Governors.

Employees have been instructed to report any damage / defects to the Site Management or Head Teacher.

Arrangements are in place for the annual inspection of internal and external PE and play equipment by a specialist company.

Lettings / Use Premises Out of Hours

Conditions of hire contracts are completed as necessary.

Temporary Event notices are acquired as necessary.

Lone Working

Lone working situations include home visits, interviewing, responding to alarm activations, working late / early or at weekends or during holiday periods.

Risk Assessments for lone working have been carried out and relevant employees, including peripatetic workers have been consulted and informed.

Employees have been instructed to avoid high risk activities whilst lone working e.g. working at height.

Maintenance of plant and equipment

The Site Management is responsible for arranging / monitoring and keeping records for the routine maintenance of plant and equipment.

The Site Manager is responsible for carrying out repairs or arranging for repairs to be carried out.

Manual Handling

Employees are instructed to seek assistance when in doubt or where their personal lifting capacity is likely to be exceeded.

Mechanical aids (e.g. trolleys, sack trucks, hoists for disabled pupils) are provided where necessary.

Training on safe manual handling of objects is available from Corporate Safety.

The safe manual handling of pupils, is only carried out by employees who have received specific training provided by a 'competent' provider.

A risk assessment is carried out for manual handling tasks which present a significant hazard, using the form provided on the Safety Manual.

The leaflet "Safer Manual Handling" from the Safety Manual has been made available to staff.

Monitoring and Review

Health and Safety issues are monitored through effective communication with employees and regular inspections of building and site.

New and expectant mothers

A risk assessment is carried out as soon as the Head Teacher is made aware by the employee. This is a legal requirement. As part of that process, the assessment will be monitored and reviewed, taking into account possible risks that may occur at different stages of pregnancy.

Off-Site Educational visits

The Off-Site Visits Co-ordinator (OVC) is Matthew McArthur.

The OVC is responsible to the Head Teacher for ensuring health and safety issues have been addressed and that all relevant risk assessments are completed.

Advice and guidance is provided by the Outdoor and Environmental Development Service based at College Street – ☎ 9476202.

Advice as regards swimming activities is provided by the Swimming Co-ordinator based at College Street – ☎ 9476202 ext.249.

Personal Protective Equipment (PPE)

PPE is issued to employees as required, e.g. to the Site Management, directly employed cleaners and any employee who may have to deal with bodily fluids. PPE is also provided for students, e.g. in science, design and technology and PE. The issuing of PPE is recorded on a record sheet and replaced as required.

Positive Handling / De-escalation

Positive Handling/De-escalation techniques are only used in extreme circumstances to prevent injury to individuals and the wider school community.

Trained staff are: Yolanda Salmeron, Katherine Reddings, Rebecca Stone, Sharon Benner, Debbie Farmer, Sarah Benton, Sarah Whiley, Nick Kingham, Dwayne White, Thomas Harvey and Toni Landa,

Playground Safety

The Site Management is responsible for ensuring that the playground is inspected prior to use and that harmful items are removed e.g. broken glass etc.

Staff report any identified defects / concerns directly to the Site Management or Head Teacher.

Reporting of defects, hazards and near misses

All employees have been instructed to report defects, hazards, near misses immediately so that prompt action can be taken to avoid accidents and injury.

Risk Assessments

Risk assessments, as legally required, have been carried out in consultation with employees and are kept centrally in the main school office.

These are based on the model generic risk assessments available from the Safety Manual.

Safety Representatives

Under legislation, Safety Representatives have legal rights and functions e.g.:

- to represent employees
- to investigate hazards and complaints
- to carry out inspections of the workplace
- to attend safety committees

Further details of Safety Representatives' role and their inspections are available on the Safety Manual.

Security Arrangements (see Security policy)

The Site Management is responsible for maintaining the security of the site, e.g. locks, self-closers, gates, fences, etc.

Arrangements are in place to prevent unauthorised access, so far as is reasonably practicable, and also to ensure that pupils are prevented from absconding, where applicable, e.g. in the Nursery.

The response to alarm activation is covered in the Lone working procedures.

Key holders are: **Woodlands Monitoring Centre**

Paul Williams – Site Management

Yolanda Salmeron – Head Teacher

The following procedures are in place for pupil drop off and pick up:

Children must be collected by their parents/carers after school, unless arranged that another family member or family friend will collect them. The school office must be notified of these arrangements. Children must not be collected by anybody under the age of 16, including older brothers or sisters.

EYC children are collected from inside their classrooms. KS1 and KS2 children are collected from their outside doors. Some older KS2 children are allowed to walk home alone, providing school has received permission from their parents/carers.

Children who are not collected promptly are taken to the chairs outside the school office and their parents/carers are contacted. The names of children who are persistently collected late are given to Mrs Stone, the school attendance officer.

Children must be collected from extra-curricular clubs after school by their parents/carers or agreed family member/family friend promptly, unless permission is given for KS2 children to walk home alone.

There must be prior notice of any parents collecting other children on behalf of a family friend or family member. If a parent wishes to collect another parent's child and school have not been informed, the child will not be allowed to go with that parent until school has telephoned and confirmed this arrangement with the parents.

Servicing of equipment (Statutory testing)

Statutory servicing and inspection of equipment is organised by Corporate Maintenance and funded by a de-delegated budget authorised by Schools Forum. The School is responsible for any remedial action following the service. The school is provided with schedule of inspections on an annual basis and will inform Schools H&S Team in the event that any new equipment under these arrangements is installed.

Slips, trips and falls

Slip, trip or fall hazards e.g. damaged carpets / floor tiles, raised paving slabs etc. are reported to the Site Management or Head Teacher who will ensure that appropriate action is taken to avoid accident / injury.

Access routes and storage areas are kept free of obstruction to minimise the risk of trips and falls.

Storage Arrangements

All employees are responsible for ensuring items are stored safely and to report any hazards to their Line Manager, e.g. unsecured racking, defective lighting in store areas, inappropriate / lack of access equipment, e.g. step ladders.

Employees have been advised that 'heavy' items should be stored at approximately waist level to minimise the risk of injury.

Stress, Work Related

The Head Teacher is responsible for controlling work-related stress issues and for carrying out a general risk assessment.

Sun Protection

Pupils are encouraged to use high-factor sun protection cream, lotion or spray as necessary and/or to wear head / neck protection as provided by parents / carers.

Drinking water is provided throughout the year and drinking water containers are taken on any outdoor activities as necessary.

In extreme weather conditions the length of time that pupils are exposed to the sun is controlled.

Shade is provided on the school playground via willow tree shaded areas and wooden pergolas.

Supervision

Pupils are supervised during all activities throughout the school day.

It has been determined that during break time two adult supervisors are needed to cover the following areas:

1. School – Main playground and school field
2. EYC – EYC playground

Training

All employees are given adequate health and safety training, which includes basic skills training, specific on the job training and training in health and safety or emergency procedures.

New, temporary and supply staff are given basic induction training on health and safety, including the arrangements for first aid, fire and evacuation, using a checklist. New employees are adequately supervised as necessary.

Site Management staff attend general health and safety training shortly after commencement and on a five yearly refresher basis after this.

Tree and plant management

Tree and plant management inspections are undertaken every 3 years. The company is usually selected by Nottingham City Council. A report is received and remedial actions recommended.

Nottingham City Council Grounds Maintenance team undertake the general maintenance of the school grounds.

Vehicles, Use of

The use of vehicles for transporting pupils is included in the risk assessment process for off-site educational visits, e.g. the use of taxis, minibuses, buses and coaches.

The use employees' own vehicles for the transporting of pupils is also included in the risk assessment process. A generic risk assessment has been completed.

Only employees who are currently authorised by the Head Teacher and licensed by Nottingham City Council Passenger Services are permitted to drive the school/hired minibus.

Violence

Violence, threatening behaviour and abuse against school employees or other members of the school community will not be tolerated.

Nottingham City Council has adopted the Health & Safety Executive's (HSE) definition of violence: 'any incident in which a person is abused, threatened or assaulted in circumstances relating to their work'.

All incidents of violence are reported via the incident reporting system and investigated as required by Line Manager / Head Teacher.

Training will be provided in de-escalation and positive handling through the Behaviour Support Service. The main purpose of such training is to avoid / minimise the risk of injury to either employees or pupils.

Further action is taken via the Police, Anti-Social Behaviour Team, or Legal Section as required.

Waste / Litter Management

The Site Management is responsible for the management of waste and litter. Pupils are encouraged to take an active part in the management of litter.

Adequate waste bins are available around school, which are emptied daily. External waste bins are secured away from school buildings to reduce the risk of damage by arson.

A 'sharps' box is available in the store room next to the school office in order to deal promptly with any discarded needles / syringes being found.

Arrangements have been made for the safe storage and collection of clinical waste.

Water Management / Control of Legionella

The School have adopted Nottingham City Council's Water Management System for the control of legionella. Monitoring results are recorded on the SERAM database. A risk assessment co-ordinated by Corporate Maintenance is undertaken on a 2 yearly basis and acted upon by the school.

The checks are performed by the Site Management.

Welfare facilities

Sufficient toilet facilities are available for both employees and pupils, which include adequate hand washing / hand drying facilities.

Pupils have access to labelled drinking water taps and / or drinking water bottles throughout the day.

The provision of heating, lighting and ventilation is adequate, and is monitored and maintained by the Site Management.

Work Equipment

All work equipment is suitable for intended purpose, obtained from a reputable source, maintained in accordance with the manufacturer's instructions and subject to local inspection prior to use, e.g. for damage and to ensure that safety devices are in place.

A risk assessment is carried out, where applicable, for the use of certain powered equipment, e.g. circular saws, chain saws, abrasive wheels, strimmers, hedge cutters, pressure washers, mowing equipment, etc.

Training is carried out, where applicable; in the safe use of certain work equipment, e.g. abrasive wheels, circular saws, etc.

Workplace Transport Safety

A risk assessment has been carried out for the control of vehicles on site. One of the main aims is to keep pedestrians and vehicles apart so far as is reasonably practicable.

Arrangements are in place to ensure that there is no vehicular movement on the premises during peak pedestrian traffic times, e.g. when the pupils are arriving and leaving school and lunch times.

Arrangements are in place, so far as is reasonably practicable, to ensure that deliveries are made to avoid peak pedestrian traffic times.

Road Safety section and Safer Routes to School provide advice on the safety of pupils in respect to road safety.

Working at Height

Employees should avoid working at height wherever possible, e.g. by arranging for stored items to be in reach from floor level, or by using contractors e.g. for changing lights in the Hall / Gym, window cleaning, putting up stage lighting etc.

Risk assessments are carried out where working at height cannot be avoided, e.g. for use of step ladders, ladders, access to roof areas by the Site Management. Employees are instructed not to work at height whilst lone working.

Kick stools and sets of small stepladders has been provided for teaching / office staff to access to items stored at height or to put up displays etc. Employees must not use chairs / desks / tables for this purpose. Larger stepladders are for the use of the Site Management only and are locked away when not in use.

Appropriate training has been provided in the use of access equipment.

Arrangements are in place for access equipment to be inspected on a termly basis by the Site Management. Employees are instructed to report damage / defects immediately to the Site Management / Head Teacher.
